

SPECIFICATION

The Examiner has objected to the disclosure under 37 CFR 1.74 stating that it does not contain a brief description of the drawings. The Examiner's attention is directed to page 3 of the originally filed specification where a brief description of the figures is present. Clarification is hereby requested.

DRAWINGS

A new drawing is being submitted, herewith, in triplicate.

REMARKS

Applicants have corrected the title of the invention by replacing it with the title suggested by the Examiner. Applicants have also replaced the abstract and addressed the Examiner's claim objections.

Regarding the Brief Description of the Drawings

New drawings are being submitted in triplicate. However, Applicants request a copy of PTO Form 948 showing the Draftsperson's review of the drawings.

Regarding the Claim Rejection Under 35 USC § 102

The Beal reference requires the presence of a closure means, such as a rupture disk (74) or a butterfly valve inside their bypass apparatus as described at column 14 lines 56-58 and in claims 1 and 2. Such a device prevents any amount of
